These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.</div><div>However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</div><div><div><div></div>Reorient or relocate the receiving antenna.</div><div><div></div>Increase the separation between the equipment and receiver.</div><div><div></div>Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.</div><div><div></div>Consult the dealer or an experienced radio/TV technician for help.</div></div><div>Radiation Exposure Statement</div><div>The device has been evaluated to meet general RF exposure requirement.</div><div>The device can be used in portable exposure condition without restriction.</div></div>
Specification	Detailed Description																																				
Software Platform	Secure Android 14																																				
Security	PCI PTS 6.X																																				
Processor	Qualcomm Quad-Core @ 2.0GHz																																				
Memory	2GB RAM + 32GB Flash, 4GB RAM + 32GB Flash (Optional)																																				
Display	4" multi-touch color LCD panel (480 x 480) Contactless On Screen																																				
Camera	Front-facing: 5MP																																				
Certalification	PCI PTS, Contactless EMV Level 1, MasterCard TQM, MasterCard PayPass, Visa payWave, American Express ExpressPay, Discover, D-PAS, Anatel, Interac Flash LZ, Rupay, MIR, Jspeedy																																				
Card Readers	NFC contactless: ISO 14443 Type A & B, MIFARE, Sony Felica; Chip card reader: ISO 7816, EMV Level 1 & Level 2																																				
Slots	SIM x1 + TF x1 or SIM x2																																				
Connectivity	GSM, WCDMA, FDD-LTE, TDD-LTE, Wi-Fi, BT 5.0, USB3.0, e-SIM (optional), GPS, GLONASS																																				
Audio	Built-in microphone and speaker																																				
Charging	5V 2A, USB charging																																				
Battery	3.8V 2000mAh																																				
Environmental	Operating temperature: -10°C~50°C (14°F~122°F) Storage temperature: -20°C~70°C (-4°F~158°F) Relative humidity (non-condense): 5%~95%																																				
Dimensions	93.7 x 83.9 x 15.5 mm (3.7 x 3.3 x 0.6 inches)																																				
Weight	130.8g																																				
<div>11 Safety Warning</div> <div><div>1. WizarPOS provides after-sales service in accordance with applicable laws and regulations. Please review the warranty terms outlined below.</div><div>2. Warranty Period: The terminal and charger are covered by a one-year warranty. During this period, if the product experiences a failure not caused by user negligence, WizarPOS will offer free repair or replacement services. For assistance, it is recommended to first contact your local distributor, and provide a completed warranty card with accurate information.</div><div>3. The warranty does not cover the following situations: unauthorized maintenance of the terminal, modifications to the terminal' s operating system, installation of third-party applications causing malfunction, damage due to improper use (such as dropping, crushing, impact, immersion, fire, etc.), missing or inaccurate warranty information, expired warranty period, or any other activities that violate legal regulations.</div><div>4. Follow installation instructions carefully and use only the specified power adapter. Replacing it with other adapters is prohibited. Ensure t hat the power socket meets the required voltage specifications. It is recommended to use a socket with a fuse and ensure proper grounding.</div><div>5. To clean the terminal, use a soft, lint-free cloth—avoid using chemicals and sharp objects.</div><div>6. Keep the terminal away from liquids to prevent short circuits or damage caused by splashes, and avoid inserting foreign objects into any ports. The terminal and battery should not be exposed to direct sunlight, high temperatures, smoke, dust, or humidity.</div><div>7. If the terminal malfunctions, contact certified POS maintenance professionals for repair. Unauthorized personnel should not attempt repairs.</div><div>8. Do not modify the terminal without authorization. Modifying a financial terminal is illegal. Users assume the risks associated with installing third -party applications, which may cause the system to operate at reduced speeds.</div></div>	<div>12 Safty Warning</div> <div><div>9. In case of abnormal odors, overheating, or smoke, immediately disconnect the power supply.</div><div>10. Do not place the battery in fire, disassemble it, drop it, or apply excessive pressure. If the battery is damaged, immediately discontinue use and replace it with a new one. The battery charging time should not exceed 24 hours. If the battery is not used for an extended period, charge it every six months. For optimal performance, replace the battery after two years of continuous use.</div><div>11. The disposal of batteries, equipment, and accessories must comply with local regulations. These items cannot be discarded as household waste. Improper disposal of batteries may lead to hazardous situations such as explosions.</div></div>	<div>13 wizarPOS Repair Records</div> <table><tr><th>Repair date</th><th>Repair content</th></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr><tr><td></td><td></td></tr></table> <div>For more information, please log on to the company's official website http://www.wizarpos.com</div>	Repair date	Repair content													<div><div>wizarPOS</div><div><div><div>f</div><div>ig</div><div>in</div><div>yt</div></div><div>V1.0, Nov 2024</div></div></div>
